> D.O. No.25/35/2017- CPCSEA 18th-June , 2018

Dear Sr

I am glad to inform that you have been nominated as a Member of Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA) for a period of 3 years from 12th June, 2018. The Gazette Notification in this regard is enclosed.

- 2. As you may be aware that the CPCSEA is established under Chapter 4, Section 15(1) of the Prevention of Cruelty to Animals Act, 1960 which is duty bound to take all such measures as may be necessary to ensure that animals are not subjected to unnecessary pains or suffering before, during or often performance of experiments on them. A brief note about the Committee is enclosed for your perusal.
- You will be shortly informed about the first meeting of reconstituted CPCSEA.

With regards,

Yours sincerely.

Subject: - Selection as Nomince of CPCSEA - regarding

Sir

With reference to your application for Nominee of CPCSEA and successful completion of training at Indira Paryawaran Bhawan, New Delhi from 6th to 7th December, 2017, you are hereby informed that you have been selected as a Nominee of CPCSEA, till further orders. The term of the nominee is contingent upon satisfactory performance as a Nominee of the CPCSEA.

- 2. You will be nominated in the IAECs of various establishments, in due course, as and when IAEC of establishment is formed. The Main Nominee of the concerned establishment is required to ensure conduct of the IAEC meetings as stipulated in the SOP of CPCSEA and to furnish the Annual Inspection Report of the Animal House Facility regularly to the O/o CPCSEA. In addition, the Nominees will also be nominated to conduct the inspections of the Animal House Facilities. The inspection reports will be submitted by the Nominees to CPCSEA. The Nominee of the establishment is required to submit the Inspection Reports / Annual Inspection Reports of both the facilities (Small and Large) where there is more than one Animal House Facility i.e. Small and Large.
- 3. Further, it is to inform you that the website of CPCSEA (http://epcsea.nik.in) has been launched and the online processes of New Registration, Renewal of registration, Reconstitution of IAECs, Revision of IAECs, submission of minutes of IAEC meeting, submission of Research Protocols on Large Animals and submission of Annual inspection Reports by the concerned numinee(s) of the establishment has been made effective on the website of the CPCSEA.
- 4. Nominees are requested to visit their online panel on the website of CPCSEA to fill up the Inspection Reports / Annual Inspection Report of the Animal House Facility (s) of all the establishments allotted at the earliest, Annual statement of large unimals use will also be uploaded by the Nominee, Your login ID and Password are as: legin ID mohamamachandr@gmail.com and password; Admin@123. You can change the password to make it secure.
- 5 You are requested to adhere to the guidelines of CPCSEA and ensure constructive role of a CPCSEA nominee in the LAECs where you will be nominated by CPCSEA.

Yours faithfully,

(S. Gowri Shanker)

Page 2 of 4

INVC NEWS

New Delhi,

A two-days training programme conducted by the Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA) to ensure that animals are not subjected to unnecessary pains or suffering before, during, or after experiments are performed on them, concluded here today. CPCSEA is a statutory Committee of the Ministry of Environment, Forest and Climate Change and has been constituted under Prevention of Cruelty to Animals Act, 1960. There are 1675 establishments/research institutions registered with the CPCSEA, which conduct experiments and research on various small and large animals. CPCSEA nominates its nominees in Institutional Animal Experimentation Committee (IAEC) of each establishment and this programme was conducted to train these nominees. The training programme was attended by 170 nominees of CPCSEA from 25 states all over the country, including from North-eastern States such as Assam, Sikkim and Tripura which had not been represented earlier. Among those who disseminated information during the training programme included – Director, Professor & Head, Department of Pharmacology, Lady Hardinge Medical College, Dr. Harmeet Singh Rehan and Member, CPCSEA & Director, National Animal Resource Facility for Biomedical Research Hyderabad, Dr. Suresh Pothani. Vice-Chairperson, CPCSEA, & Joint Secretary (AW) Smt. Manju Pandey appreciated the efforts made by the participants for their efforts for the welfare of laboratory animals. Member Secretary (CPCSEA) and Deputy Secretary (AW) Shri S. Gowri Shankar suggested that all Nominees of CPCSEA are expected to be more effective, productive, rational and well informed about the all guidelines on "experimentation on animals". Additional Secretary, MoEF&CC and Chairman, CPCSEA, Shri Anil Kumar Jain had inaugurated the event yesterday.

Report on Nobel Lecture in Medicine held on 24th November 2014

M. Ramachandra Mohan

Dr. Sachin Deshmukh of the Center for Neuroscience, Indian Institute of Science, Bangalore,

delivered a lecture in the Department of Zoology, Bangalore University, Jnana Bharathi

Campus, Bangalore, on the topic

"2014 Nobel Prize in Physiology or Medicine: Mapping the Map Makers in the Brain"

Dr. Sachin Deshmukh M.Sc. in Biotechnology from MS University, Baroda. Ph.D. in Neuroscience from National Centre for Biological Sciences (NCBS), Bangalore. Post-doctoral work at University of California, Berkeley, University of Texas Health Sciences Centre at Houston, and Johns Hopkins University, Baltimore. Joined the Centre for Neuroscience, Indian Institute of Science in 2014. His Postdoctoral work involved characterizing entorhinal cortex inputs to the hippocampus by recording single neuron activity in awake, behaving rats. His research interests are in understanding spatial information processing and memory in hippocampal formation.

Summary of his talk:

"O'Keefe and Drostrovsky's (1971) landmark discovery that individual neurons in rat hippocampus create a map of space spurred an intense study of representation of space in the rat brain. In humans, hippocampal damage leads to a profound loss of memory. O'Keefe, together with Nadel (1976) proposed a theory to reconcile this seemingly disparate processing in the hippocampus of rats and humans. They adopted Tolman's cognitive map hypothesis to propose that the autobiographical memories of items and events in an individual's life are stored in the

31 January 2015 KAAS-News

context of a spatial framework in the hippocampus, creating a "map of memories". During the course of research to understand how the hippocampal spatial map is assembled, a number of other related cellular correlates were discovered, like the head direction cells which encode the direction a rat faces in. The most striking of these cellular correlates was the discovery of the "graph paper" in the brain: the grid cells discovered by the Moser lab. We will map the course of mapping the regions of the brain involved in making, maintaining, and using these maps." The lecture was well attended by four post-graduate departments with about 250 students, research fellows and professors from 4 life sciences departments, viz., Zoology, Biotechnology and Microbiology, Biochemistry, and Biological Sciences. The lecture was stimulating, very interactive and lasted for 3 hours. Prof. N, Ramachandra Swamy, Dean, Faculty Science & Dept. of Biochemistry, presided over the function. The Vice- Chancellor (who could not attend the lecture due to preoccupation) hosted a lunch for all the dignitaries who attended the lecture.

Lecture Competition for Students

A special feature of the programme was that a lecture competition was held among the students in their respective departments so that they get more familiar with the Nobel lecture to follow. 23 students participated and received certificates signed by Prof. B. Thimme Gowda, Vice-Chancellor (VC) of Bangalore University. The prize winners received "The Professor B.A. Razi Memorial Prize" awarded by the Karnataka Association.

Prize winners

Department of Zoology First prize : Srinidhi Chaitanya (3rd Sem) - Second prize : Geetha M (3rd Sem)

Department of Biotechnology and Microbiology Biotechnology – First Prize : Suraksha (1st Sem) - Second Prize : Harshini Nadig (2nd Sem)

Microbiology – First Prize : Puneeth Kumar(2nd Sem) - Second Prize : Varsha P Koushik (1st Sem)

Department of Biochemistry First Prize : Varasha N (3rd Sem) - Second Prize : Akshya S

Department of Biological sciences (UG)

First Prize: Bhanusuri (1st Sem) - Second Prize: Chaitra (7th Sem).

Date 29-07-2010

Dr.M.Ramachandra Mohan

Professor and Chairman

I take this opportunity to extend a warm welcome to all those participating in INCEPWCH2010 to be held from July 29-31, 2010. The Department of Zoology had its genesis in the year 1909 under Madras Presidency at Central College Campus, Bangaiore. Later, it became the part of University of Mysore during 1937 and became the part of newly established Bangalore University during 1964. The Department has had doyens of Zoology who have toiled in carrying the footprints since its inception. To mark the accomplishments, the Department has planned to conduct and organize several programmes such as Centenary lecture series, organizing National and International Seminars and Conferences, releasing centenary special postal cover etc. The international conference is being organized with several plenary and invited lectures from eminent personalities in the field of biological sciences including ecology and water conservation and health. There will be special session on Animal physiology under the banner Indian Society of Comparative Animal Physiology(ISCAP)1. The Department has conducted several programmes such as Centenary lecture series. There will be a special session on concerning policy issues, planning and management of lakes and water conservation and monitoring of the environment for sustained development for human welfare.

I wish all of you to have fruitful deliberations and discussions during conference.

UNION PUBLIC SERVICE COMMISSION DHOLPUR HOUSE, SHAHJAHAN ROAD

> New Delhi-110069 Date: 27.03,2006

Dear Prof. Mohan,

Kindly refer to the telephonic conversation regarding Personality Test Boards (P.T. Board) for <u>Civil Services (Main)Examination</u>, 2005. The Commission are grateful that you have agreed to be an Adviser in the P.T. Boards for interviewing candidates who have qualified in the <u>Civil Services (Main)Examination</u>, 2005. for the period from <u>10th April</u>, 2006 to 15th April, 2006 at UPSC office, New Delhi. I am sending herewith the following papers for your information:

- A copy of P.T. Programme of Interview.
- A copy of the Background material.
- 3. A copy of the Rules & Regulations of the above Examination (Gazette of India)
- 4. A Bio Data proforma
- 2. I would request you to kindly make it convenient to be present on the dates mentioned above. The Board will commence at 10.00 A.M. in the forenoon and 2.30 P.M. in the afternoon on all working days. There will be a briefing meeting to be held on the first day i.e. Monday at 9.45 A.M. for which you are requested to kindly make it convenient to reach the Commission's Office at 9.30 A.M. sharp. It may please be noted that the interviews would entail full time commitment through out the day.
- 3. The Commission have a convention that no one should sit in the Board who has any relation or anybody in whom he may be interested, appearing at the interview. In this connection a copy of the note, which is circulated to members of the Interview Boards, is enclosed. It is presumed that there would be no such difficulty in your case. You are requested to bring to the notice of Interview Board President before the commencement of the interview if any of the candidates, who are being interviewed is/was your student. However, if during the actual conduct of an interview also it comes to your knowledge that the candidate to be interviewed was your student, you should inform the Interview Board President about the same and you should recuse yourself during the interview of that candidate.
- 4. The Commission maintains the highest standard of integrity throughout the recruitment process. We would request you to excuse yourself from this process in case any other circumstances like disciplinary case, criminal proceedings etc. are going on against you.

Date: 26.10.2006

Dear PROF. (Dr) RAMACHANDRA MOHAN,

Union Public Service Commission have to interview candidates for the following post(s) on the date(s) and time mentioned against each in their office at Dholpur House, Shahjahan Road, New Delhi.

NAME OF THE POSTS (S) LECTURER IN ZOOLOGY

DATE & TIME OF INTERVIEW 02-11-2006 AT 10.15 AM & 03.00 PM

UNION PUBLIC SERVICE COMMISSION

The qualifications required and the duties attached to the post(s) are detailed in the statement of information for candidates enclosed herewith. The Commission desires to have the benefit of your advice in making the selection and shall be grateful if you kindly spare time for this piece of public work and assist the Commission at the Interview. I am desired to add that the proceedings of the Interview Boards and as also the fact of your participation in the same should be treated as strictly confidential.

The Commission have a convention that no one should sit in the Board who has any relation or anybody in whom he may be interested, appearing at the interview. In this connection a copy of the note, which is circulated to members of the Interview Boards, is enclosed. It is presumed that there would be no such difficulty in your case. You are requested to bring to the notice of Interview Board President before the commencement of the interview if any of the candidates, who are being interviewed is/was your student. However, if during the actual conduct of an interview also it comes to your knowledge that the candidate to be interviewed was your student, you should inform the Interview Board President about the same and you shall have to recluse yourself during the interview of that candidate.

The Commission maintain the highest standards of integrity throughout the recruitment process. You are therefore, requested not to accept this invitation, in case you are associated with a coaching institution. We would also request to excuse yourself from this process in case any other circumstances like disciplinary case criminal proceedings etc. are going on against you, under intimation to us.

I shall be grateful, if you please convey your availability or otherwise either by post in the prescribed proforma enclosed with the letter or over telephone to the undersigned at telephone number mentioned above. You should also send in your confirmation or otherwise through Fax at Fax No. 23388539 or through e-mail at the address kalpanaupscat nic in. I am also enclosing a set of forms for payment of TA/DA and Honorarium. You are requested to fill up the same and bring it with you while coming to assist the Interview Board. The same may be handed over to the P.P.S. of the Hon'ble Member presiding over the Interview Board just before the commencement of the Boards.

With regards,

Yours Sincerely,

(KALPANA RAJSINGHOT)

PROF. (Dr) M. RAMACHANDRA MOHAN, D/O ZOOLOGY, BANGALORE UNIVERSITY, BANGALORE-560056

NB(i) Should the day of Interview be declared a closed holiday/public holiday by the Govt, at short notice, the interview will still be held as scheduled unless otherwise notified.

Dear Dr. Muhau.

Kendriya Vidyalaya Sangathan proposes to conduct interviews for the posts of Post Graduate Teachers. KVS had invited applications to fill up these vacancies. The competent authority of the KVS had constituted a separate Selection Committee for each subject to interview the candidates.

You have been associated as Member for conducting the interviews for the post of PGT(Geog & Commerce). The venture of the interview will be Kendriya Vidyalaya, Maleshwaram, Bangalore. Shri Kartar Singh, Education Officer, KVS Jabalpur will be Member-Secretary of the Committee. The interview will start from OS 10.95 at 9.30 AM everyday(except Sunday & Gazetted holiday). Approximately 40-45 candidates have been called for interview on each day. The KVS provides working lunch to the members of the Selection Committee on the days of interviews. Further members of the Selection Committee are paid honorarium as per KVS rules.

I shall be grateful if you kindly accept our request to be the members of the Selection Committee to recruit PGTs for KVs. I am sure with your vast and varied experience, KVS will be able to pick up suitable and energetic PGTs for the Kendriya Vidyalayas.

I shall be thankful for a reply in the matter.

hilish regards.

The board will six for about 14 North any days

...EDUCATIONAL INSTITUTIONS MUST PROPAGATE SECULARISM..."

-Dr. H. NARASIMHIAH

...they should become centres for culiarism and strive to sow seeds secular ideas among their students" isthe expectation of Dr. Narasimbiah. r. H. Narasimhiah, an educationist his own right and a former Vicetancellor of Bangalore University, ide this observation in the course his inaugural address to the partipants at a six-day orientation ogramme on 'models of teaching, games by the Dept. of Post-gradustudies and research, Bangalore liversity in collaboration with the stional Council for Educational search and Truining (NCERT)'s ecial Education and Extension rvices. Dept. of Teacher Education. e programme, held during January to 15, 1990, was hosted by ngalore University.

ontinuing his address, Dr. Narasimih laid accent on the need for alving a pattern of education that s in tune with the requirements of society and the nation. He struck tote of warning on the movement specialisation resulting in egating to background the goals of ication and pleaded that educators mild word this tendancy and keep sight the objectives of education ich are of great importance. He s of the firm opinion that should educationits evolve a proper itern of education it would usher that type of socio-economic inges that we ardently desire. He asidered imparting of right ie of attitudes, promotion of omposite culture, scientific temper, ularism and rational thinking were ded at this moment. He cautioned it mental slums are more dangerous in environmental maladies, and led on the teachers to address themves to their calling with committment ce teaching is a productive field

with potentials of large returns for inclucating values among she younger generation. In this context, he appealed the participants to develop a wholistic approach to teaching.

Earlier, Prof. Dr. M. Khaja Peer, Chairman, Dept. of P.G. Studies and Research in Education, Bangalore University, in his welcome address, among other things, mentioned of the utility of such programmes as this for teacher educators as necessary to maintain quality in education.

He felt teaching models could synthesise all good and enduring values that we want to inculcate among the children. He stressed the need for internalising these values both by teachers and students and for incorporating them in the methods, eurriculam content, also in the total as process of education.

AWARD TO RESEARCH SCHOLAR

The Academy of Environmental Biology, has awarded the Best Paper Appreciation Certificate to Ms. Bela Zutshi, Research Scholar, Fishery Biology Section, Dept. of PG studies and Research in Biology, for her paper on 'Effect of malathion on the testicular cholestro! content in the testies of fresh water Golid Gloscobins qiurca (Ham) Acanthopterygili : Gofildas). The paper which was coauthored by Sri M. Ramachandra Mohan, Dr. P. S. Murthy and Miss Shash kala D.C., was presented at the International symposium on environmental impact on biosystems held at Madra: meently.

Members' Assembly outcomes **About the Members' Assembly**

The Members' Assembly, the highest decision-making body of IUCN, brings together IUCN Members to debate and establish environmental policy, to approve the IUCN Programme and to elect the IUCN Council. Resolutions and Recommendations on important conservation issues are adopted every four years by this unique global environmental parliament of governments and NGOs, guiding IUCN's

policy and programme of work as well as influencing many other organizations around the world. All Members in good standing can propose motions (draft decisions) to the IUCN World Conservation Congress.

At the Members' Assembly, Members vote on IUCN's programme of work for the following four years and also elect the IUCN President and Council, and manage the business affairs of the Union. The 2012 Members' Assembly was held during the IUCN World Conservation Congess in Jeju, Republic of Korea. For the first time, morning sessions were held during each day of the Forum starting from 8 September. This allowed to connect the Congress themes and main messages of the Forum to the IUCN Programmes for 2013-2016 and results from 2009-2012. The last three days of the Assembly were dedicated to: the reports from the different IUCN constituents the elections of the IUCN Council, President, and Treasurer, and the adoption of

the elections of the IUCN Council, President, and Treasurer, and the adoption of additional motions.

Members' Assembly

The Members' Assembly is the highest decision-making body of IUCN. It brings together IUCN Members to debate and establish environmental policy, to approve the IUCN Programme and to elect the IUCN Council and President.

It The Members' Assembly takes place every four years during the World Conservation Congress and is where IUCN's Member organisations collectively decide on actions to address the world's most pressing and often controversial conservation and sustainable development challenges.

IUCN's membership currently stands at over 1,300 and includes some of the most influential government and civil society organisations from more than 160 countries, giving the decisions taken at the IUCN Congress a powerful. mandate. Through motions (often brought forward by the IUCN Membership), Resolutions and Recommendations on important conservation issues are are adopted by this unique global environmental parliament of governments and NGOs, guilding IUCN's policy and work programme and as well as influencing many other organisations around the world.

Subject: - Selection as Nomince of CPCSEA - regarding

Sin

With reference to your application for Nominee of CPCSEA and successful completion of training at Indira Paryavaran Bhawan. New Delhi from 6th to 7th December, 2017, you are hereby informed that you have been selected as a Nominee of CPCSEA, till further orders. The term of the nominee is contingent upon satisfactory performance as a Nominee of the CPCSEA.

- 2. You will be nominated in the IAECs of various establishments, in due course, as and when IAEC of establishments is formed. The Main Nominee of the concerned establishment is required to ensure conduct of the IAEC meetings as stipulated in the SOP of CPCSEA and to furnish the Annual Inspection Report of the Animal House Facility regularly to the O/o CPCSEA. In addition, the Nominees will also be nominated to conduct the inspections of the Animal House Facilities. The inspection reports will be submitted by the Nominees to CPCSEA. The Nominee of the establishment is required to submit the Inspection Reports / Annual Inspection Reports of both the facilities (Small and Large) where there is more than one Animal House Facility i.e. Small and Large.
- 3. Further, it is to inform you that the website of CPCSEA (http://epcsea.nik.in) has been launched and the online processes of New Registration, Renewal of registration, Reconstitution of IAECs, Revision of IAECs, submission of minutes of IAEC meeting, submission of Research Protocols on Large Animals and submission of Annual Inspection Reports by the concerned numinee(s) of the establishment has been made effective on the website of the CPCSEA.
- 4. Nominees are requested to visit their online panel on the website of CPCSFA to fill up the Inspection Reports / Annual Inspection Report of the Aniutal House Facility (s) of all the establishments allotted at the carliest, Annual statement of large unimals use will also be uploaded by the Nominee. Your login ID and Password are as: login ID mehanramachandr@gmail.com and password: Admin@123. You can change the password to make it secure.
- 5 You are requested to adhere to the guidelines of CPCSEA and ensure constructive role of a CPCSEA nominee in the IAECs where you will be nominated by CPCSEA.

Yours faithfully,

(S. Gowri Shanker)

Two-Days Training Programme for Nominees of CPCSEA Concludes

Published on December 7, 2017 by INVC NEWS -

 $http://www.internationalnews and views.com/two-days-training-programme-for-nominees-of-cpcsea-concludes/08/12/17, 7@59\ AM$

Page 2 of 4

INVC NEWS

New Delhi,

A two-days training programme conducted by the Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA) to ensure that animals are not subjected to unnecessary pains or suffering before, during, or after experiments are performed on them, concluded here today. CPCSEA is a statutory Committee of the Ministry of Environment, Forest and Climate Change and has been constituted under Prevention of Cruelty to Animals Act. 1960. There are 1675 establishments/research institutions registered with the CPCSEA, which conduct experiments and research on various small and large animals. CPCSEA nominates its nominees in Institutional Animal Experimentation Committee (IAEC) of each establishment and this programme was conducted to train these nominees. The training programme was attended by 170 nominees of CPCSEA from 25 states all over the country, including from North-eastern States such as Assam, Sikkim and Tripura which had not been represented earlier. Among those who disseminated information during the training programme included – Director, Professor & Head, Department of Pharmacology, Lady Hardinge Medical College, Dr. Harmeet Singh Rehan and Member, CPCSEA & Director, National Animal Resource Facility for Biomedical Research Hyderabad, Dr. Suresh Pothani. Vice-Chairperson, CPCSEA, & Joint Secretary (AW) Smt. Manju Pandey appreciated the efforts made by the participants for their efforts for the welfare of laboratory animals. Member Secretary (CPCSEA) and Deputy Secretary (AW) Shri S. Gowri Shankar suggested that all Nominees of CPCSEA are expected to be more effective, productive, rational and well informed about the all guidelines on "experimentation on animals". Additional Secretary, MoEF&CC and Chairman, CPCSEA, Shri Anil Kumar Jain had inaugurated the event yesterday.

Attestation Letter

Dear Prof. Mohan RAMACHANDRA,

Held once every four years, the IUCN World Conservation Congress brings together several thousand leaders and decision-makers from government, civil society, indigenous peoples, business, and academia, with the goal of conserving the environment and harnessing the solutions nature offers to global challenges.

The Congress is the place where IUCN's more than 1,200 Member organisations exercise their rights, influence the global conservation agenda and guide IUCN's work plan for the four years to follow.

The next Congress will take place 1-10 September 2016 in the Hawai'i Convention Center, in the Hawaiian capital, Honolulu. It is being hosted by the State of Hawai'i with the support of the Department of State of the USA.

I hereby confirm that is duly registered for the 2016 IUCN World Conservation Congress and that the registration fee, if applicable, is fully paid. It is understood that the participant may be arranging pre- or post-Congress meetings in the United States, and thus the travel dates may extend beyond the dates of the Congress.

All travel expenses, including airfare, hotel, meals, and travel insurance are the participant's entire responsibility.

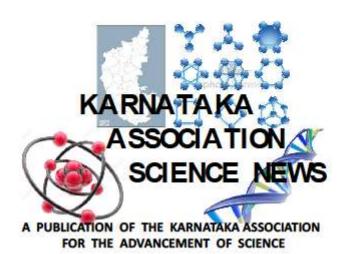

Participants are also solely responsible for securing their visas and/or any necessary paperwork to enter the United States.

Embassies can obtain more information on the Congress from the IUCN Congress Manager at congress@iucn.org.

Yours sincerely,

Dr. Engque Lahmann

IUCN, Global Director, Union Development Group

Report on Nobel Lecture in Medicine held on 24th November 2014 M. Ramachandra Mohan

Dr. Sachin Deshmukh of the Center for Neuroscience, Indian Institute of Science, Bangalore,

delivered a lecture in the Department of Zoology, Bangalore University, Jnana Bharathi

Campus, Bangalore, on the topic

"2014 Nobel Prize in Physiology or Medicine : Mapping the Map Makers in the Brain"

Dr. Sachin Deshmukh M.Sc. in Biotechnology from MS University, Baroda. Ph.D. in Neuroscience from National Centre for Biological Sciences (NCBS), Bangalore. Post-doctoral work at University of California, Berkeley, University of Texas Health Sciences Centre at Houston, and Johns Hopkins University, Baltimore. Joined the Centre for Neuroscience, Indian Institute of Science in 2014. His Postdoctoral work involved characterizing entorhinal cortex inputs to the hippocampus by recording single neuron activity in awake, behaving rats. His research interests are in understanding spatial information processing and memory in hippocampal formation.

Summary of his talk:

"O'Keefe and Drostrovsky's (1971) landmark discovery that individual neurons in rat hippocampus create a map of space spurred an intense study of representation of space in the rat brain. In humans, hippocampal damage leads to a profound loss of memory. O'Keefe, together with Nadel (1976) proposed a theory to reconcile this seemingly disparate processing in the hippocampus of rats and humans. They adopted Tolman's cognitive map hypothesis to propose that the autobiographical memories of items and events in an individual's life are stored in the

31 January 2015 KAAS-News

context of a spatial framework in the hippocampus, creating a "map of memories". During the course of research to understand how the hippocampal spatial map is assembled, a number of other related cellular correlates were discovered, like the head direction cells which encode the direction a rat faces in. The most striking of these cellular correlates was the discovery of the "graph paper" in the brain: the grid cells discovered by the Moser lab. We will map the course of mapping the regions of the brain involved in making, maintaining, and using these maps." The lecture was well attended by four post-graduate departments with about 250 students, research fellows and professors from 4 life sciences departments, viz., Zoology, Biotechnology and Microbiology, Biochemistry, and Biological Sciences. The lecture was stimulating, very interactive and lasted for 3 hours. Prof. N, Ramachandra Swamy, Dean, Faculty Science & Dept. of Biochemistry, presided over the function. The Vice- Chancellor (who could not attend the lecture due to preoccupation) hosted a lunch for all the dignitaries who attended the lecture.

Lecture Competition for Students

A special feature of the programme was that a lecture competition was held among the students in their respective departments so that they get more familiar with the Nobel lecture to follow. 23 students participated and received certificates signed by Prof. B. Thimme Gowda, Vice-Chancellor (VC) of Bangalore University. The prize winners received "The Professor B.A. Razi Memorial Prize" awarded by the Karnataka Association.

Prize winners

Department of Zoology First prize : Srinidhi Chaitanya (3rd Sem) - Second prize : Geetha M (3rd Sem)

Department of Biotechnology and Microbiology Biotechnology – First Prize : Suraksha (1st Sem) - Second Prize : Harshini Nadig (2nd Sem)

Microbiology – First Prize : Puneeth Kumar(2nd Sem) - Second Prize : Varsha P Koushik (1st Sem)

Department of Biochemistry First Prize : Varasha N (3rd Sem) - Second Prize : Akshya S

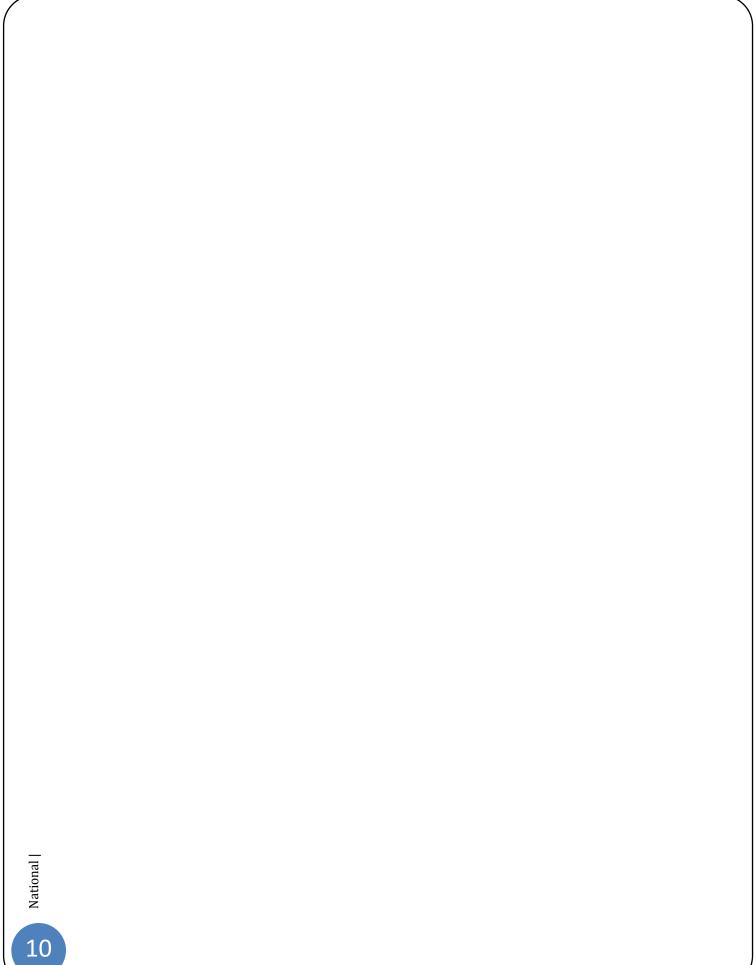

Department of Biological sciences (UG)

First Prize: Bhanusuri (1st Sem) - Second Prize: Chaitra (7th Sem).

Thank You for Your Membership!

You are a senior member of the APCBEES.

Dear M.Ramachandra Mohan,

Thank you for joining Asia-Pacific Chemical, Biological& Environmental Engineering Society (APCBEES). The mission of APCBEES is to foster and conduct collaborative interdisciplinary research in state-of-the-art methodologies and technologies within its areas of expertise. APCBEES organizes conferences, workshop, and provides sponsor or technical support to conferences and workshops, it also publishes high quality academic international journals. APCBEES membership brings you access to the latest technical information and research, global networking and opportunities. Your Membership information is below:

Name: M.Ramachandra Mohan

Member NO.: 100618

As a Senior Member of APCBEES:

- You may propose to organize and chair a new or existing conference sponsored by APCBEES.
- You will be assigned to be the committee or chair of the relevant conference sponsored by APCBEES.
- You will be invited to be the reviewer of the relevant conference sponsored by APCBEES.
- You can register the conference sponsored by APCBEES with a lower price.

We would like to thank you for having your membership.

To learn more about the benefits, service, and features of membership, please visit:

http://www.cbees.org/member.htm

For the upcoming conferences, please visit: http://www.cbees.org/conf.htm

For Organization and University/College Cooperation, please contact: admin@cbees.org

For Keynote Speech Proposal, please contact: tc@cbees.org

For any enquiries, please contact: admin@cbees.org

Sincerely yours,

Tracy Yeung Managing Director APCBEES

Rec #: 1500

ECOTOX: In 1995, MED received funding from the U.S. Department of Defense's Strategic Environmental Research and Development Program (SERDP) and the U.S. EPA's Office of Research and Development to develop a unified interface called ECOTOX to assist in searching and retrieving data from the AQUIRE, PHYTOTOX and TERRETOX databases. In March of 1996, ECOTOX was released to governmental users through a telnet access procedure. In February, 2000 it was released as a web based interface system.

The ECOTOXicology database (ECOTOX) is a source for locating single chemical toxicity data for aquatic life, terrestrial plants and wildlife. ECOTOX was created and is maintained by the U.S.EPA,Office of Research and Development (ORD), and the National Health and Environmental Effects Research Laboratory's (NHEERL's) Mid-Continent Ecology Division (MED).

You should consult the original scientific paper to ensure an understanding of the context of the data retrieved from the ECOTOX database

30 August, 2011

Team C18 | New Delhi

Prof M Ramachandra Mohan of the Department of Zoology, Bangalore University has been invited to present a paper titled, 'Water Quality Monitoring of Magadi Hill Range Lakes and Reservoirs in Bangalore, India' at the, the 14th World Lake Conference.

The conference is jointly organised by the United States of America and International Lake Environmental Committee, Japan from October 31- November 4 at Austin, Texas, USA.

The World Lake Conference will provide an international forum for discussing lake/ reservoir related issues from international, national and state agencies.

NGOs, academic institutions, water industry and resource management professionals, private sector and other water stakeholders will be participating.

International Conference on Challenges in Aquatic Sciences

RAMACHANDRA MOHAN. ECOTECHNOLOGY RESEARCH LAB, DEPARTMENT OF ZOOLOGY BANGALORE UNIVERSITY, BANGALORE UNIVERSITY, INDIA.

To Whom It May Concern,

International Conference on Chemical, Biological and Environment Sciences (ICCEBS'2011) that will take place on Dec. 23-24, 2011 in Bangkok, Thailand aims to bring together researchers, scientists, engineers, and scholar students to exchange and share their experiences, new ideas, and research results about all aspects of science, engineering and technology, and discuss the practical challenges encountered and the solutions adopted.

Herewith, the ISEM and Planetary Scientific Research Centre's Scientific and Technical Committee is pleased to inform you that the peer-reviewed & refereed conference paper id: 1211750, titled as "Microbial Quality Of Vrishbhavati Valley Lakes Of Bangalore, India" and authored by RAMACHANDRA MOHAN. AND M MAMATHA P., has been accepted for oral presentation at the conference and publication in Proceedings of the Bangkok conference Dec. 2011.

We would like to kindly invite RAMACHANDRA MOHAN, to present the research paper at the conference site in Bangkok, Thailand.

Dear Sir:

We would like to extend an invitation for you to attend the Irrigation Association's 23rd Annual International Irrigation Show, to be held in New Orleans, Louisiana, USA, on October 24 through 26, 2002.

This exposition is the largest in the World dedicated to irrigation equipment.

Over 350 companies will display state of the art products and services to help you make informed and educated decisions about your future irrigation equipment purchases.

The Technical Conference will feature approximately 40 presenters that will provide the most recent research available on Agriculture and Turf/Landscape Irrigation. This annual conference ties all aspects of irrigation into a convenient one-location event. Twenty-six different education classes, business seminars and internationally known speakers are just a few of the highlights.

We look forward to seeing you there.

There to Kinnet

Best Regards,

Thomas H. Kimmell Executive Director

Our 2012 World Forum will be held between 25 August and the 2 September at S2 Cotherine's College, Oxford, England, There is also a 3 day tour scheduled prior to the Forum to areas of local interest. If you are interested in attending please contacts us on info@inthlogcentre.com, or the telephone number below for further details.

Dear Dr Mohan

You are to be congratulated. Many thousands of biographies from a wide variety of sources are investigated by the Research and Editorial Departments of the International Biographical Centre each year for inclusion in our renowned reference books and for consideration for our Awards Programme. A select few are those of individuals who, in our belief, have made a significant enough contribution in their field to engender influence on a local, national or international basis. You are one of these contributors to excellence. You have, through your constant efforts, maintained a standard worth rewarding. Therefore, as a noted and eminent professional in your field you have now been considered and nominated for recognition by the IBC. Ratification of this nomination by the Awards Board is now complete and it is therefore my great honour to name you as a member of the IBC

LEADING SCIENTISTS of the WORLD 2012

As holder of this distinction, you can be assured of your place in our history and be gratified that your work has not only been noticed but recognised as outstanding. In any one year few of the world's foremost scientists, both the fumous and the uncelebrated, from all disciplines will be able to populate this exclusive list. These are people whose daily work makes a difference - not just those who populate the headlines. It is henceforth decreed that you should be on this list for 2012 but as bearer of this honour you will be recorded in perpetuity in the halls of the International Biographical Centre - I trust you will be proud to know your name is to take its rightful place.

As a listee of the IBC LEADING SCIENTISTS of the WORLD you are eligible for the commemorative items available - the distinguished and limited LEADING SCIENTISTS of the WORLD medal, designed by our regalia-makers to the World's Monarchies, and the distinguished illuminated certificate which is printed in full-colour on finest parchment - I enclose details for your

I am very pleased to be able to bring you this news and hope you feel proud of the influence you have on your colleagues and friends. It is only left for me to offer my sincere congratulations. I look forward to hearing from you.

Sincerely

Nicholas S. Law Director General

Dear Dr. Ramachandra M. Mohan,

Thank you very much for your continued interest in our activities at ILEC. We very much appreciated your attendance at "Training Course on Numerical Modeling of Lakes and Reservoirs" that was held last November.

Now, we will deliver you the modeling software for analysizing water quality in lakes, "PAMOLARE Pilot Version 2.0", as we promised on the last day of the Training Course. We apologize about delay, but we hope you will still find this software useful. If you have any problems or difficulties using this software, please feel free to let us know. We will try to help you as much as possible.

Sincerely yours,

Yosuke Yamashiki, Dr. Eng.

Title: URBANISATION AND ITS IMPACT ON LAKES AND RESERVOIRS IN BANGALORE.

Track: Natural Sciences

Dear mohan ramachandra mohan,

We sincerely appreciate your paper submission. On conclusion of the peer-reviewed process, we are pleased to inform you that your paper is accepted for Oral presentation at the ICNSE 2013 in Taipei, Taiwan, on Jan. 8-10 2013.

Conference Registration:

For conference registration and accommodation arrangements, you may refer to ICNSE 2013 Official website (http://www.icnse.org/) for details. Please register for the ICNSE 2013 conference at our website (http://www.icnse.org/). Speaker's registration and the payment must be received on or before November 16th, 2012, otherwise the submitted paper will not be included in the conference proceedings.

Submission of Camera-ready Copy:

Camera-ready copy submission via our website

http://www.icnse.org/Guide.asp by November 16th, 2012 is highly appreciated. You may refer to our website for instructions of the paper format.

Once again, sincere appreciation for your participation! We look forward to seeing you in the ICNSE 2013 Conference.

Paper ID: H0046

Paper Title : Effect of Drainage Water on Lake Ecosystem in India- A Case Study of Kengeri Lake, Bangalore

Congratulations! The review processes for 2013 International Conference on Control, Mechatronics and Automation (ICCMA 2013) have been completed. The conference received submissions from nearly 10 different countries and regions, which were reviewed by international experts, and about 50 papers have been selected for presentation and publication. Based on the recommendations of the reviewers and the Technical Program Committees, we are pleased to inform you that your paper identified above has been accepted for publication and oral presentation. You are cordially invited to present the paper orally at ICCMA 2013 to be held on December 6-7, 2013, Sydney, Australia.

The (CCMA 2013 is organized by International Association of Computer Science and Information Technology (IACSIT), and cosponsored by cosponsored by many other universities and institutes.

Finally, we would like to further extend our congratulations to you and we are looking forward to meeting you in Sydney, Australia!

Yours sincerely, ICCMA 2013 Organizing Committees http://www.iccma.org/ Sydney, Australia

Thanks & regards.

Dear colleagues

The scientific committee has finalized reviewing your abstract and we are pleased to inform that your abstract with the title

"URGENCY OF REHABILITATIVE MEASURES FOR DOWNSTREAM WATER BODIES OF MAGADI HILL RANGES"

has been accepted for poster presentation at the
International Conference on Land and Water Degradation
Processes and Management
to be held in Magdeburg, Germany between
the 6 and 9 September 2009.
Please be advised that all presenters are
required to register to attend the conference by 31 May 2009
in order to ensure that their presentations are included in the
final program.

We are looking forward to welcome you in Magdeburg.

Yours sincerely,

G. Ollesch Head of the Organising Committee Helmholto Zentrum für Umwellfarachung Grobit – UFZ

FishBase - A global information system on fishes. Extensive and up to date information on species

Gobiidae.com was formed in 1999 to make information available to individuals and organizations interested in the systematics, ecology, biogeography, breeding, and economic importance of gobioid fishes.

The organization is composed of a few volunteers doing their best to get information up and on these pages for the benefit of all those interested in gobies.

I try to add information on a regular basis, as time allows. Areas with new information will have an "updated" posted until the next update.

You will find information on the systematics, distribution, breeding, history of various groups, continuely updated species lists for the gobiid fauna of the Americas, keys to species, taxonomic methods, and a new section on terms and definitions.

Much of this site is under development. We are currently expanding into other areas such as the Indo-Pacific and eastern Atlantic. If you would like to help updating or adding information to the website or join in a collecting trip contact me.

Welcome to the Events section of ENVIS Centre on NGOs, Parliament & Media.

The Events highlighted here have been selected to represent the various activities undertaken to enlighten and educate all sectors of society. Events on environment facilitate exchange of information on environment issues and foster greater awareness on environmental conservation by highlighting the urgency and magnitude of environmental issues facing modern societies. See the search database below for more details.

Indian Biodiversity Congress 2010

27 Dec 2010, Thiruvananthapuram, Kerala

Organized by: Dr. A. Biju Kumar, Organising Secretary, Indian Biodiversity Congress (IBC 2010) Secretariat, Centre for Innovation in Science and Social Action (CISSA), MBC -27, Museum Bains Compound,

Introduction: India's rich biodiversity heritage and contribution to biodiversity conservation will be showcased at the Indian Biodiversity Expo. Further, universities, R & D centers, corporations, consulting firms, non-profit organizations, and others working on various aspects of biodiversity and biodiversity-related product development (national firms only) are invited to display their innovative research, education, technologies, products, and information to increase awareness and enhance biodiversity. The primary objective of the exhibition will be to highlight the biodiversity heritage of the country and its role in poverty alleviation and sustainable development. There will be an exclusive pavilion on biodiversity education, including photo exhibition

Thank You for Your Membership!

You are a senior member of the APCBEES.

Dear M.Ramachandra Mohan,

Thank you for joining Asia-Pacific Chemical, Biological& Environmental Engineering Society (APCBEES). The mission of APCBEES is to foster and conduct collaborative interdisciplinary research in state-of-the-art methodologies and technologies within its areas of expertise. APCBEES organizes conferences, workshop, and provides sponsor or technical support to conferences and workshops, it also publishes high quality academic international journals. APCBEES membership brings you access to the latest technical information and research, global networking and opportunities. Your Membership information is below:

Name: M.Ramachandra Mohan Member NO.: 100618

As a Senior Member of APCBEES:

- 1. You may propose to organize and chair a new or existing conference sponsored by APCBEES.
- 2. You will be assigned to be the committee or chair of the relevant conference sponsored by APCBEES.
- 3. You will be invited to be the reviewer of the relevant conference sponsored by APCBEES.
- 4. You can register the conference sponsored by APCBEES with a lower price.

We would like to thank you for having your membership.

To learn more about the benefits, service, and features of membership, please visit:

http://www.cbees.org/member.htm

For the upcoming conferences, please visit: http://www.cbees.org/conf.htm

For Organization and University/College Cooperation, please contact: admin@cbces.org

For Keynote Speech Proposal, please contact: te@cbees.org

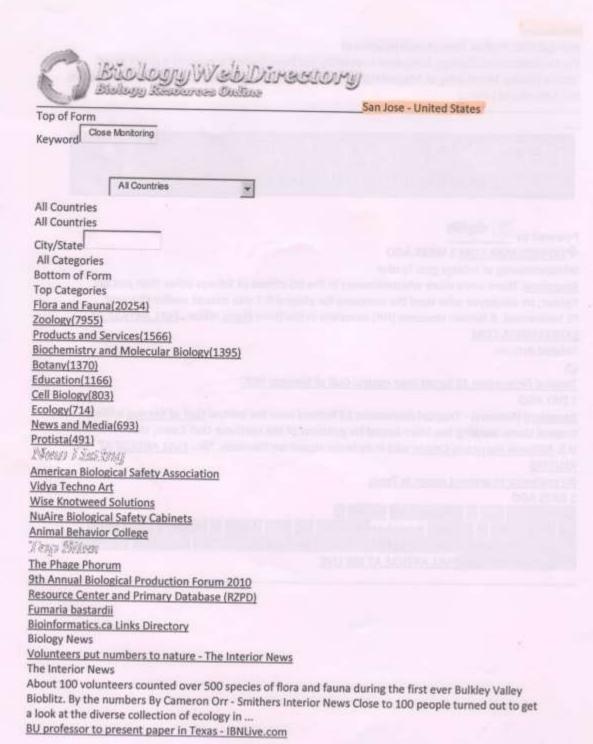

For any enquiries, please contact: admin@cbees.org

Sincerely yours,

Tracy Yeung Managing Director APCBEES

Asia-Pacific Chemical, Biological& Environmental Engineering Society APCBEES (Registered No.: 52577283-001-07-10-2)

Best regards,

Dear Colleague,

We are very pleased to notify you that your membership in the World Commission on Environmental Law (WCEL) has been approved for the 2017-2020 quadrennial period. Your active membership is an invaluable resource for the Commission, and we encourage you to contribute in a number of ways to the work of WCEL and IUCN. For information about the responsibilities of Commission Members, please refer to Article V. 1 of the WCEL Bylaws.

Now that you are a Member, you will have full access to the WCEL and IUCN network. You will be included in the WCEL Member listserv and will be receiving emails and communications from the Commission and its members. Your contact information will be added to the <u>IUCN Union Portal</u>, which serves as the hub for networking and interaction within the Commission and across the Union. To gain access to the portal, first visit the <u>"recover password/account" page</u> and enter your registered E-mail address.

The <u>WCEL Website</u> is steadily improving and we encourage you to read the <u>latest news</u> and consider contributing regular short reports and articles on your work and from your countries and regions, including recent law and policy developments, major events, and other notable topics at international level. A submission form is available for download at <u>this link</u>.

We also draw your attention to the most recent outcomes of the <u>Conference of Judges and Prosecutors on Water Justice</u> that approved the "Brasilia Declaration of Judges on Water Justice" during the 8th World Water Forum last month in Brazil. Your efforts are greatly appreciated to circulate the Declaration widely among your networks.

WCEL has organized its recent work around <u>major events</u> and projects with the highest potential for lasting impact, recruiting and activating membership, and improving communication. Signature initiatives include:

- · Promoting the Environmental Rule of Law;
- · Activating the Global Judicial Institute on the Environment;
- Supporting the initiative toward a Global Pact for the Environment; and
- Activating the work of thematic <u>Specialist Groups</u>.

As part of the IUCN Environmental Law Programme, the Commission is also called upon to contribute to the development, maintenance, and implementation of activities providing information, legal analysis and drafting, and capacity building, including through tools such as:

<u>ECOLEX</u> as the most comprehensive global information platform on national and international
environmental and natural resources law jointly operated by IUCN, FAO and UN Environment. The
platform contains extensive information on multilateral and bilateral environmental treaties, treaty
decisions, national legislation, law & policy literature, and jurisprudence freely accessible in three

National |

languages: English, French, and Spanish. Special focus is currently on identifying relevant environment-related court decisions from countries and regions, as well as internationally. WCEL Members can provide support by submitting court decisions through the E-mail address feedback@ecolex.org and attaching the ECOLEX template with full texts of court decisions either in PDF, other formats, and/or links to the respective website.

Law for Sustainability Portal;

Matrix of Suggestions for a Marine Biodiversity Agreement; and

PA Law Capacity Development Portal Water Law and Governance Support Platform For assistance regarding Commission membership, operations, and communications please contact Aaron Laur, WCEL Executive Officer (iucn.wcel@gmail.com). Correspondence to WCEL Chair Antonio Benjamin, Deputy Chair Denise Antolini, and the Steering Committee may also be sent through Aaron. Members can post updates and information to the WCEL listserv by emailing directly Jil Self, Programme Assistant, IUCN Environmental Law Centre (jil.self@iucn.org). Please take time to consult the WCEL Mandate within the IUCN Programme 2017-2020. Your responses in the application provided valuable input that we will utilize to activate your participation in the WCEL Specialist Groups and the Joint Specialist Groups to enrich collaboration across the six IUCN Commissions.

Last, WCEL is always looking to build and diversify its global membership. We encourage you to nominate new members from your country or region. Potential members can access the online application form at: https://www.iucn.org/commissions/commission-environmental-law/get-involved.

We look forward to collaborating with you in the years ahead on the important work of WCEL. Sincerely,

WCEL Steering Committee:
Antonio Herman Benjamin, Chair
Denise Antolini, Deputy Chair

Ow 2012 World Forum will be held between 25 August and the 2 September at St Cotherine's College, Oxford, England. There is also a 3 day tour scheduled prior to the forum to areas of local interest. If you are interested in alternating please contact us on info@hinthiagcentre.com, or the telephone number below for further details.

Sponsored & Administered by the International Biographical Centre, Cambridge, English

Dr M Ramachandra Mohan Dept of Zoology Bangalore University Bnagalore 560056 Kamataka India

Ref. LSC/inv

Dear Dr Mohan

20th April 2012

You are to be congratulated. Many thousands of biographies from a wide variety of sources are investigated by the Research and Editorial Departments of the International Biographical Centre each year for inclusion in our renowned reference books and for consideration for our Awards Programme. A select few are those of individuals who, in our belief, have made a significant enough contribution in their field to engender influence on a local, national or international basis. You are one of these contributors to excellence. You have, through your constant efforts, maintained a standard worth rewarding. Therefore, as a noted and eminent professional in your field you have now been considered and nominated for recognition by the IBC. Ratification of this nomination by the Awards Board is now complete and it is therefore my great honour to name you as a member of the IBC

LEADING SCIENTISTS of the WORLD 2012

As holder of this distinction, you can be assured of your place in our history and be gratified that your work has not only been noticed but recognised as outstanding. In any one year few of the world's foremost scientists, both the famous and the uncelebrated, from all disciplines will be able to populate this exclusive list. These are people whose daily work makes a difference - not just those who populate the headlines. It is henceforth decreed that you should be on this list for 2012 but as bearer of this honour you will be recorded in perpetuity in the halls of the International Biographical Centre - 1 trust you will be proud to know your name is to take its rightful place.

As a listee of the IBC LEADING SCIENTISTS of the WORLD you are eligible for the commemorative items available - the distinguished and limited LEADING SCIENTISTS of the WORLD medal, designed by our regalia-makers to the World's Monarchies, and the distinguished illuminated certificate which is printed in full-colour on finest parchment - I enclose details for your

I am very pleased to be able to bring you this news and hope you feel proud of the influence you have on your colleagues and friends. It is only left for me to offer my sincere congratulations. I look forward to hearing from you.

Sincerely

Nicholas S. Law Director General

Few takers for varsity's basic science courses

Bangalore, September 10

TN what might he all fleak prognosis. For the development of the basic setences, there are indications of a sharp decline in the numbers of students enting for the sciences in Bangalore University The RSc course at the Uni versity is affected in 36 different com-binations by the 110 colleges affiliated to Bangalore University, Paradraket data altrained by The Express resculs a sharp decline to the remilion of shadouts opting the the various science. combinations

Only 10 students emplied last year for first year BSc course (Physics, Mathematics and Statistics). This course did not have a single enrolment in 2006. Similarly, for the course which combines Chemistry, Botany and Brivit comental Science, only 11

two years, there have been no entra-ments in this course. Statistics also reveal that combinations with new subjects like Computer Science, Then troutes, Bla-leaderology and Genetics draw many name students.

Post graduation degrees in the ba-sic successors are also in low degrees. The University offers Metadence at mission for the MSc in Zoology, but only 40 atudants enrolled last year. Prof Romachantra Mohan of the departmenessid that while, earlier over 400 applicants wished to compute for fire 60 years available, the number of applicants has now dwhicled to 190. Dr B Eraigh of the Physics department roo noticed similar trends; de-spite the enormous job opportunities available to students of Physics, saudent enrolment has declined. While There were at least 500 applications

soudents enrolled in 2005. In the past - for the OO seous available for a post graduation degree at the department ourlier, there are solders many than 200 applicants now Peef Resolutionsaid, There are too many engineering colleges. Getting admission to these cul-leges is not that hard. People opt for engineering seats as they believe that those courses will lead to jobs that pay letter salaries. At least in the ini-Cal stages of one's career after a degree in the basic sciences, one works for lesser salaries."

Bin-technology too is snother pop-ular option. That department receives almost 600 applicants for the 90 seats on offer These colleges are visited by firms that offer students jobs through camous recruitment drives. Prof N flamachendraswamy of the Chemistry department said that there are about 400 applications for the MSc course by Chendlatry, the MSc in Bio-

chemistry attracts more than 900 applications. 'This trend has emerged over the past three years.' be told The

About the Members' Assembly

The Members' Assembly, the highest decision-making body of IUCN, brings together IUCN Members to debate and establish environmental policy, to approve the IUCN Programme end to sleet the IUCN Council.

Resolutions and Recommendations on important conservation issues are adopted every four years by this unique global environmental parlament of governments and NGOs, guiding IUCN's policy and programme of work as well as influencing many other organizations around the world. All Members in good standing can propose motions (draft decisions) to the IUCN World Conservation Congress.

At the Mambers' Assembly, Members vote on IUCN's programme of work for the following four years and also elect the IUCN President and Council, and manage the business affairs of the follow.

The 2012 Members' Assembly was held during the IUCN World Conservation Congess in Jeju, Republic of Korea. For the first time, morning sessions were held during each day of the Forum starting from 8 September. This allowed to connect the Congress themes and main messages of the Forum to the IUCN Programmes for 2013-2016 and results from 2009-2012.

The last three days of the Assembly were dedicated to:

- the reports from the different IUCN constituents
- the elections of the IUCN Council, President, and Tressurer, and
- = the adoption of additional motions.
